Students will practice using English in a variety of situations, through which practical English communication ability will be fostered.

滂 脣 差 豈 賜

This class will meet for 22.5 hours per semester - 45 hours for the year. Practical English communicative ability is developed through use of language. Students in this class will work in a variety of groupings upon tasks and activities using English. Each session will focus upon situations in which practical English communicative ability may be necessary, linked to the TOEIC test.
